## Business and Product Regulation

### [AB-29 \(Nazarian\) - Pharmacy benefit managers.](#)

Requires a pharmacy benefit manager (PBM) to disclose certain information to a purchaser or prospective purchaser, including the aggregate amount of rebates, retrospective utilization discounts, and other income that the pharmacy benefit manager would receive from a pharmaceutical manufacturer or labeler in connection with drug benefits related to the purchaser or prospective purchaser. Excuses a PBM from making these disclosures unless the purchaser or prospective purchaser agrees to keep any proprietary information disclosed to it pursuant to these provisions confidential.

This bill takes provisions from the STAKE Act and Alcohol and Beverage Control (ABC) Act designed to mitigate the consumption of alcohol and tobacco by underage persons and applies it to marijuana. Specifically, it requires mandatory license suspension for selling marijuana to a person under 21 for a third offense in a 3 year period, and allows law enforcement, or employees of a licensing authority, to enter and conduct inspections of retail location; requires licensees to post a sign, stating; "No Person Under 21 Allowed," outside and inside the establishment; adds implementation language for provisions in AUMA that allow law enforcement to use persons under 21 for sting operations; allows licensees to seize false identification; requires licensed retailers to maintain an unobstructed view into the respective establishment to ensure law enforcement has an unobstructed view inside the premises; prohibits the sale of marijuana via vending machine; and adds playgrounds, hospitals, and churches to the list of locations that a licensee may not be located within 600 feet of.

### **AB-749 (Irwin) - Real estate.**

Provides both substantive and technical changes to existing real estate law in an effort to clarify terminology and update existing law to reflect current practice in the sector. Extends the authority of the real estate commissioner to revoke a license issued in error or mistake. Defines “salesperson” as a person retained by a real estate broker. Defines “retained” as the relationship between a broker and real estate licensee to perform real estate activities. Defines “responsible broker” as a broker responsible for the control of salespersons. Strikes “transferee” and “transferor” in favor of “buyer” and “seller” respectfully. Authorizes licensees to share compensation provided that the compensation is through a responsible broker. Requires licensees to notify the commissioner whenever a licensee affiliates or is retained by a real estate broker or terminates that agreement. Requires a copy of any contract to be delivered in print or via electronic means as soon as possible. Allows for the use of E-licenses. Clarifies the complaints that may be filed against a licensee and what must be reported to the commissioner. Authorizes a corporation, in the event of the death of the sole designated broker-officer, to continue operating if notice is provided to the Bureau of Real Estate (BRE) within 10 days. The bill is paired with AB 1289, referred to the Committee on Judiciary and the bills will only go into effect if the companion is also enacted.

**Governor's Veto Message:**

Governor's veto message: To the Members of the California State Senate:

I am returning Senate Bill 663 without my signature.

This bill outlines standards that will determine if cannabis packages or labels are attractive to children.

Current law already prohibits cannabis and cannabis products from being designed to be attractive to children.

State licensing authorities are currently drafting emergency regulations on packaging and labeling for the cannabis industry, which must take effect before January 1, 2018. This process is more nimble than statute and allows the licensing authorities to respond to the changing industry. Rather than creating new statutory restrictions, it would be prudent to allow licensing authorities to finish drafting the regulations.

Sincerely,

Edmund G. Brown Jr.

**SB-752 (Stone) - Pharmacy: designated representative-reverse distributors.**

Authorizes the Board of Pharmacy (Board) to issue a designated representative-reverse distributor license to a person qualified to supervise a licensed wholesaler, as specified; requires designated representative-reverse distributors and designated representative-third party logistics providers (3PLs), to notify the executive officer of the Board of a change of name or address; and authorizes persons who act as agents for pharmacies or other entities by receiving, inventorying, warehousing, and managing the disposition of outdated or non-saleable dangerous devices to be recognized as reverse distributors.

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 1190 without my signature.

This bill requires the Department of Consumer Affairs to post information on its homepage about the Project Approval Lifecycle as it relates to the BreEZe project.

Currently, the Department of Technology post updates on their website for all information technology projects, including BreEZe, in the "Project Approval Lifecycle IT Project Proposals Report." In addition, I signed SB 547 which requires the Department of Consumer Affairs to report to the Legislature the progress it is making in transitioning its licensing programs to a new information technology system.

Therefore, this bill is unnecessary and duplicative of those efforts.

Sincerely,

Edmund G. Brown Jr.

**Governor's Veto Message:**

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 2143 without my signature.

This bill would expand eligibility for educational loan reimbursement grants, through the Licensed Mental Health Provider Education Program, to mental health providers who further their education to become physician assistants or nurse practitioners in mental health facilities.

Physician assistants and nurse practitioners are already eligible for educational loan repayment grants under the state's Advanced Healthcare Loan Repayment Program. Unfortunately, the loan repayment fund referenced in this bill lacks the necessary funding to pay for the hundreds of applications it currently receives. Adding more applicants as this bill requires just compounds the problem.

Sincerely,

Edmund G. Brown Jr.

Adds provisions to the Control, Regulate, and Tax Adult Use of Marijuana Act (AUMA) as it pertains to the prevention and enforcement of the purchase and consumption of marijuana by people under the age of 21. This bill takes provisions from the STAKE Act and Alcohol and Beverage Control (ABC) Act designed to mitigate the consumption of alcohol and tobacco by underage persons and applies it to marijuana. Specifically, it requires mandatory license suspension for selling marijuana to a person under 21 for a third offense in a 3 year period, and allows law enforcement, or employees of a licensing authority, to enter and conduct inspections of retail location; requires licensees to post a sign, stating; "No Person Under 21 Allowed," outside and inside the establishment; adds implementation language for provisions in AUMA that allow law enforcement to use persons under 21 for sting operations; allows licensees to seize false identification; requires licensed retailers to maintain an unobstructed view into the respective establishment to ensure law enforcement has an unobstructed view inside the premises; prohibits the sale of marijuana via vending machine; and adds

playgrounds, hospitals, and churches to the list of locations that a licensee may not be located within 600 feet of.

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 1190 without my signature.

This bill requires the Department of Consumer Affairs to post information on its homepage about the Project Approval Lifecycle as it relates to the BreEZe project.

Currently, the Department of Technology post updates on their website for all information technology projects, including BreEZe, in the "Project Approval Lifecycle IT Project Proposals Report." In addition, I signed SB 547 which requires the Department of Consumer Affairs to report to the Legislature the progress it is making in transitioning its licensing programs to a new information technology system.

Therefore, this bill is unnecessary and duplicative of those efforts.

Sincerely,

Edmund G. Brown Jr.

This bill is premature. The enforcement of the Act rests with the Bureau of Cannabis Control. It is their job to develop appropriate regulations--which they are currently doing--in partnership with California Highway Patrol and other law enforcement entities.

If a new law is needed, I am confident the Bureau of Cannabis Control will work with the Legislature to make the necessary changes.

**Governor's Veto Message:**

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 2994 without my signature.

This bill requires the Division of the State Architect to develop and propose to the California Building Standards Commission, updated standards on the required number of ambulatory accessible stalls in public restrooms.

California's existing accessibility standards exceed the federal requirements and are often regarded as a national model. This bill requires the State Architect to review the existing standards, and regardless of the outcome, provide additional ones. I don't think that's warranted.

Sincerely,

Edmund G. Brown Jr.

Governor's veto message: To the Members of the California State Senate:

I am returning Senate Bill 715 without my signature.

This bill requires the California Air Resources Board to exempt off-road diesel vehicles owned or operated by state-registered nonprofit apprenticeship training programs from any regulation that reduces emissions of diesel particulate matter, oxides of nitrogen, and other criteria pollutants.

This exemption could cause a shortfall in mandated air pollution emissions reductions, which may require us to revise our State Implementation Plan to remain in Compliance with the federal Clean Air Act. Working with the federal administration to revise our State Implementation Plan in a time of pressing air quality challenges is difficult and unwise. As Such, I direct the Board to work with the author and sponsors of this bill on an administrative solution that minimizes adverse impacts on apprenticeship programs, yet also protects air quality.

Sincerely,

Edmund G. Brown Jr.

Donated cannabis goods would not be subject to cultivation or excise taxes related to the transfer of these donated products, however, a licensee utilizing cannabis previously designated for donation for any other purpose is liable for unpaid tax. Also requires that licensees provide written certification that cannabis goods will be donated for medicinal patients under the provisions of this bill and only removes tax liability if the certification is made in good faith. Governor's veto message: To the Members of the California State Senate:

I am returning Senate Bill 829 without my signature.

This bill authorizes retailers to offer free cannabis or cannabis goods to medicinal patients who have a physician's recommendation.

This bill contains provisions that conflict with the strict standards contained in the voter approved Control, Regulate, and Tax Adult Use of Marijuana Act. Providing free

cannabis to a person with only a doctor's recommendation undermines these rules and the intent of the voters. For this reason, I cannot sign this bill.

**Governor's Veto Message:**

Governor's veto message: To the Members of the California State Assembly:

I am returning Assembly Bill 1247 without my signature.

This bill would require professional fiduciary license applicants to complete at least one hour of LGBTQ education prior to licensure and require all licensed professional fiduciaries to complete at least one hour of LGBTQ continuing education every three years.

While I understand and support cultural competence, I do not believe the mandated continuing education requirements of this bill are warranted.

Sincerely,

.  
Edmund G. Brown Jr.

**[AB-1631 \(Salas\) - Shorthand reporters: shorthand reporting service corporation.](#)**

Prohibits a person or entity employing shorthand reporters or contracting with shorthand reporters for services from providing cash or cash equivalents of any amount for marketing purposes, as specified; and, states that nothing in existing law limits a person or entity from entering into long-term or multi-case contracts with attorneys, law firms, or third parties that are financing all or part of the action, as specified, and requires the Attorney General (AG) to enforce the provisions of the bill.
